2021 School Accountability Report Card

JCS

MANZANITA

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Established within the JCS Family in 2018, JCS-Manzanita is a TK-12 school that operates out of a facility in La Mesa. Although new in name and location, all of our programs are well established with credentialed teachers that have been serving our students for many years. JCS-Manzanita partners with students, parents and communities in a personalized learning program that embraces innovative educational opportunities, practices habits of success, and builds a confident culture of lifelong learners. With several distinct programs to serve students of all grade levels, we are proud of the small class sizes, our dedicated and passionate teachers and an amazing community of students and families. Our school encourages students and parents to partner with us in learning, giving students the opportunity to develop self-confidence as they understand their own strengths and weaknesses and become self-directed learners.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2020-21 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21
Permits and Waivers	0.0

2020-21 Class Assignments

Indicator	2020-21
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0.0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0.0

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

High quality instructional materials and curricula are available for all students at all grade levels. Materials are updated and replaced, as needed. Standards-aligned textbooks and other instructional materials are stocked in the Resource Center and, as needed, available through special order. The TK-8 program has extensive flexibility to work with instructional materials that optimize learning and teaching for the student and family, while the high school program has recommended, and in some cases required, materials for core and elective coursework. In science, appropriate standards aligned take-home science kits and site-based labs are available for all students not taking the science course in a classroom. The school does not strictly adhere to the state’s textbook adoption cycle.

Year and month in which the data were collected December 2021

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Career Technical Education Programs

With approximately 30 high school students, we do not have a designated career pathway. Instead, students may participate in a state-approved Work Experience Education program (WEE) where students gain skills and knowledge in job-related topics while being employed. Students have a variety of elective courses they may take that are focused on career preparation and interests they have expressed. We have developed informal relationships with various community colleges and work programs based on individual student interests and needs. We have developed an online dual enrollment program with Grossmont Community College to allow students to receive college course credit.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Because JCS-Manzanita is an independent study program, parental involvement is welcome and very much needed. Parents in the home study program choose a proactive role in their child's education by assuming the responsibility of guiding and overseeing the daily school work with includes monthly meetings with their facilitator to review and receive assignments and direction. Parents of academy students are expected to supervise and ensure student learning is occurring on days when students are not in class. In elementary school, academy parents receive a packet of work with instructions from their child's teacher each week. Middle school academy parents have access to the Summit Learning platform where they can view student progress as well as all past and current assignments. All students participate in at least one Project week where parents are directly involved in assisting students. We have multiple field trips throughout the year in which parents can participate. Parents are an integral part of our School Site Council and Parent Teacher Organization which hold regularly scheduled meetings that can be found on our website. Additional activities throughout the year for parents and families include Back to School Orientation, Welcome Back Picnic, Family Night, Living History, Project Showcase, Award Ceremonies, and End of Year Celebrations. Other examples of involvement are opportunities to serve on the Board, parent-teacher conferences, and parent participation in professional development programs, workshops and support groups offered by the school. Communication mechanisms include meetings with facilitators; school-wide and site newsletters; event and opportunity flyers; parent surveys; e-mail; Zoom; Canvas; Summit Learning Text Messages; ParentSquare and the JCS-Inc web site.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

C. Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Our School Safety Plan was most recently reviewed in February 2021 by our School Site Council which is comprised of staff, parents and a student. It was approved by our Board in February 2021 as well, for the 21-22 school year. Our plan will be reviewed again in February 2022. Our main focus is on student and staff well-being and safety. Our three major actions are: 1. Provide online training to staff on awareness on key wellness topics such as Bullying (Recognition and Response), Youth Suicide, Online Safety (predators), Boundary Invasion, Mandated Reporter: Child Abuse and Neglect; and Human Trafficking Awareness; 2. Provide social-emotional training on bullying, harassment, and suicide prevention for students; and 3. Initiate increased safety procedures and prevention.

Professional Development

JCS Manzanita hosts professional development days throughout the school year, approximately every eight weeks. Teachers also have a Professional Development during October for Summit (middle school), and at the beginning of semester 2 during which all students have a Project Week. All in-house professional development focuses on school policy, student achievement, curriculum, teaching and learning strategies, technology support and training, and self-selected professional learning communities. Professional Development focus for 21-22 is: 1. Social Emotional Learning and Positive Behavior Intervention and Supports; 2. Response to Intervention; and 3. Equity and individualized choices. Teachers new to the profession and new to independent study receive support through mentoring opportunities and induction training. Additionally teachers are encouraged to attend outside conferences and workshops, particularly those that focus on writing, math, personalized learning and those that foster leadership. Parents are invited to attend professional development day trainings and events and parent-specific core subject area workshops provide additional opportunities for professional development.

This table displays the number of school days dedicated to staff development and continuous improvement.
