Testing Students

- 1. Have your students logon to <u>https://hosted308.renlearn.com/1342993/</u>. This is the same page you begin from.
- 2. Have students enter their username and password. It should be the same as their JCS account. Reports

There are a variety of reports you can select to get information about your students. The list is extensive and you'll find descriptions for all of them. For some reports you can select your whole class or just individual students. Some reports span multiple school years if you edit the time frame you want to look at, and if you know the student has tested with JCS in the past.

1. To run a report find the subject area you want from the main screen (Star Reading, Early Literacy or Math) and choose Reports.

2. Select the report you want from the list and customize it to your preferences.
