

California Department of Education
December 2021

Local Performance Indicator Quick Guide

The State Board of Education (SBE) approved standards for the local indicators that support a local educational agency (LEA) in measuring and reporting progress within the appropriate priority area. The approved performance standards require an LEA to:

- Annually measure its progress in meeting the requirements of the specific Local Control Funding Formula (LCFF) priority.
- Report the results as part of a non-consent item at a regularly scheduled public meeting of the local governing board/body in conjunction with the adoption of the Local Control and Accountability Plan (LCAP).
- Report results to the public through the Dashboard utilizing the SBE-adopted self-reflection tools for each local indicator.

This Quick Guide identifies the approved standards and self-reflection tools that an LEA will use to report its progress on the local indicators.

Performance Standards

The performance standards for the local performance indicators are:

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

The LEA annually measures its progress in meeting the *Williams* settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable; the LEA then reports the results to its local governing board at a regularly scheduled meeting and to reports to educational partners and the public through the Dashboard.

Implementation of State Academic Standards (LCFF Priority 2)

The LEA annually measures its progress implementing state academic standards; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Parent and Family Engagement (LCFF Priority 3)

This measure addresses Parent and Family Engagement, including how an LEA builds relationships between school staff and families, builds partnerships for student outcomes and seeks input for decision-making.

LEAs report progress of how they have sought input from parents in decision-making and promoted parent participation in programs to its local governing board or body using the SBE-adopted self-reflection tool for Priority 3 at the same meeting at which the LEA adopts its LCAP, and reports to educational partners and the public through the Dashboard.

School Climate (LCFF Priority 6)

The LEA administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey, to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12), and reports the results to its local governing board at a regularly scheduled meeting of the local governing board and to educational partners and the public through the Dashboard.

Access to a Broad Course of Study (LCFF Priority 7)

The LEA annually measures its progress in the extent to which students have access to, and are enrolled in, a broad course of study that includes the adopted courses of study specified in the California *Education Code (EC)* for Grades 1-6 and Grades 7-12, as applicable, including the

programs and services developed and provided to unduplicated students and individuals with exceptional needs; the LEA then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Expelled Students – County Office of Education (COE) Only (LCFF Priority 9)

The county office of education (COE) annually measures its progress in coordinating instruction as required by California *EC* Section 48926; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

The COE annually measures its progress in coordinating services for foster youth; the COE then reports the results to its local governing board at a regularly scheduled meeting and reports to educational partners and the public through the Dashboard.

Self-Reflection Tools

An LEA uses the self-reflection tools included within the Dashboard to report its progress on the local performance indicator to educational partners and the public.

The self-reflection tools are embedded in the web-based Dashboard system and are also available in Word document format. In addition to using the self-reflection tools to report its progress on the local performance indicators to educational partners and the public, an LEA may use the self-reflection tools as a resource when reporting results to its local governing board. The approved self-reflection tools are provided below.

Appropriately Assigned Teachers, Access to Curriculum-Aligned Instructional Materials, and Safe, Clean and Functional School Facilities (LCFF Priority 1)

LEAs will provide the information below:

- Number/percentage of misassignments of teachers of ELs, total teacher misassignments, and vacant teacher positions

0 (0%)

- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home - zero

0 (0%)

- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies)

0 (0%)

Note: The requested information are all data elements that are currently required as part of the School Accountability Report Card (SARC).

Implementation of State Academic Standards (LCFF Priority 2)

LEAs may provide a narrative summary of their progress in the implementation of state academic standards based on locally selected measures or tools (Option 1). Alternatively, LEAs may complete the *optional* reflection tool (Option 2).

OPTION 1: Narrative Summary (Limited to 3,000 characters)

In the narrative box provided on the Dashboard, identify the locally selected measures or tools that the LEA is using to track its progress in implementing the state academic standards adopted by the state board and briefly describe why the LEA chose the selected measures or tools.

Additionally, summarize the LEA's progress in implementing the academic standards adopted by the SBE, based on the locally selected measures or tools. The adopted academic standards are:

- English Language Arts (ELA) – Common Core State Standards for ELA
- English Language Development (ELD) (Aligned to Common Core State Standards for ELA)
- Mathematics – Common Core State Standards for Mathematics
- Next Generation Science Standards
- History-Social Science
- Career Technical Education
- Health Education Content Standards
- Physical Education Model Content Standards
- Visual and Performing Arts
- World Language

OPTION 2: Reflection Tool
Recently Adopted Academic Standards and/or Curriculum Frameworks

1. **Rate the LEA’s progress in providing professional learning for teaching to the recently adopted academic standards and/or curriculum frameworks identified below.**
Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)			3		
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards			3		
History-Social Science					5

2. **Rate the LEA’s progress in making instructional materials that are aligned to the recently adopted academic standards and/or curriculum frameworks identified below available in all classrooms where the subject is taught.**
Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA					5
ELD (Aligned to ELA Standards)					5
Mathematics – Common Core State Standards for Mathematics					5
Next Generation Science Standards			3		
History-Social Science					5

3. **Rate the LEA’s progress in implementing policies or programs to support staff in identifying areas where they can improve in delivering instruction aligned to the recently adopted academic standards and/or curriculum frameworks identified below (e.g.,**

collaborative time, focused classroom walkthroughs, teacher pairing).

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
ELA – Common Core State Standards for ELA				4	
ELD (Aligned to ELA Standards)			3		
Mathematics – Common Core State Standards for Mathematics				4	
Next Generation Science Standards			3		
History-Social Science				4	

Other Adopted Academic Standards

- 4. Rate the LEA’s progress implementing each of the following academic standards adopted by the state board for all students.**

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Academic Standards	1	2	3	4	5
Career Technical Education		2			
Health Education Content Standards				4	
Physical Education Model Content Standards			3		
Visual and Performing Arts			3		
World Language					5

Support for Teachers and Administrators

- 5. Rate the LEA’s success at engaging in the following activities with teachers and school administrators during the prior school year (including the summer preceding the prior school year).**

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Sustainability

Activities	1	2	3	4	5
Identifying the professional learning needs of groups of teachers or staff as a whole				4	
Identifying the professional learning needs of individual teachers			3		
Providing support for teachers on the standards they have not yet mastered			3		

Optional Narrative (Limited to 1,500 characters)

6. Provide any additional information in the text box provided in the Dashboard that the LEA believes is relevant to understanding its progress implementing the academic standards adopted by the state board.

Parental Involvement and Family Engagement (LCFF Priority 3)

Introduction

Family engagement is an essential strategy for building pathways to college and career readiness for all students and is an essential component of a systems approach to improving outcomes for all students. More than 30 years of research has shown that family engagement can lead to improved student outcomes (e.g., attendance, engagement, academic outcomes, social emotional learning, etc.).

Consistent with the California Department of Education's (CDE's) Family Engagement Toolkit:¹

- Effective and authentic family engagement has been described as an intentional partnership of educators, families and community members who share responsibility for a child from the time they are born to becoming an adult.
- To build an effective partnership, educators, families, and community members need to develop the knowledge and skills to work together, and schools must purposefully integrate family and community engagement with goals for students' learning and thriving.

The LCFF legislation recognized the importance of family engagement by requiring LEAs to address Priority 3 within their LCAP. The self-reflection tool described below enables LEAs to reflect upon their implementation of family engagement as part of their continuous improvement process and prior to updating their LCAP.

For LEAs to engage all families equitably, it is necessary to understand the cultures, languages, needs and interests of families in the local area. Furthermore, developing family engagement policies, programs, and practices needs to be done in partnership with local families, using the tools of continuous improvement.

Instructions

This self-reflection tool is organized into three sections. Each section includes research and evidence-based practices in family engagement:

1. Building Relationships between School Staff and Families
2. Building Partnerships for Student Outcomes
3. Seeking Input for Decision-Making

Based on an evaluation of data, including educational partner input, an LEA uses this self-reflection tool to report on its progress successes and area(s) of need related to family engagement policies, programs, and practices. This tool will enable an LEA to engage in continuous improvement and determine next steps to make improvements in the areas identified. The results of the process should be used to inform the LCAP and its development process, including assessing prior year goals, actions and services and in modifying future goals, actions, and services in the LCAP.

LEAs are to implement the following self-reflection process:

1. Identify the diverse educational partners that need to participate in the self-reflection process in order to ensure input from all groups of families, staff and students in the LEA, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
2. Engage educational partners in determining what data and information will be considered to complete the self-reflection tool. LEAs should consider how the practices apply to families of all student groups, including families of unduplicated students and families of individuals with exceptional needs as well as families of underrepresented students.
3. Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each of the 12 practices using the following rating scale (lowest to highest):
 - 1 – Exploration and Research
 - 2 – Beginning Development
 - 3 – Initial Implementation
 - 4 – Full Implementation
 - 5 – Full Implementation and Sustainability
4. Based on the analysis of educational partner input and local data, respond to each of the prompts pertaining to each section of the tool.
5. Use the findings from the self-reflection process to inform the annual update to the LCAP and the LCAP development process, as well as the development of other school and district plans.

Sections of the Self-Reflection Tool

Section 1: Building Relationships Between School Staff and Families

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
-----------	---------------------

1. Rate the LEA's progress in developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.	5
2. Rate the LEA's progress in creating welcoming environments for all families in the community.	4
3. Rate the LEA's progress in supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.	5
4. Rate the LEA's progress in developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.	3

Building Relationships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Relationships Between School Staff and Families.

Building relationships is a strength for JCS-Pine Valley. With small classes and student teacher ratios, our teachers get to know students and families well and build trusting and respectful relationships. Communication with families happens daily either in-person, over the phone, or via email. Parent surveys are sent out via Google Forms. We utilize Parent Square to push out information to families.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Building Relationships Between School Staff and Families.

Our focus area will be in developing multiple opportunities to engage in meaningful communication with our families especially our Spanish speaking families. We would like to see even more participation in our School Site Council and family surveys. Due to COVID concerns, we have not allowed parent volunteers on campus. We hope to reinstate this and our PTO program to foster a welcoming environment for all stakeholders.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Relationships Between School Staff and Families.

We are celebrating culture of all students with our "Respect for Self and Others" campaign. We will seek out opportunities for underrepresented families to be highlighted. We plan to have guest speakers from different sectors come and speak to students.

Section 2: Building Partnerships for Student Outcomes

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
5. Rate the LEA's progress in providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.	3
6. Rate the LEA's progress in providing families with information and resources to support student learning and development in the home.	4
7. Rate the LEA's progress in implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.	4
8. Rate the LEA's progress in supporting families to understand and exercise their legal rights and advocate for their own students and all students.	5

Building Partnerships Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Building Partnerships for Student Outcomes.

JCS-Pine Valley has varied curriculum and support resources to support student learning. Assessments are in place to inform decision making strategies when meeting with families and students in order to support improved student outcomes. Families are integral to student learning and partners in education. Families are aware of their rights and advocates for students.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's

focus area(s) for improvement in Building Partnerships for Student Outcomes.

Our focus area will be on providing professional development to better use the MTSS supports available. This will include training for staff and parents. New staff will need training and current staff will be able to dig deeper into support strategies to improve student outcomes. We were able to purchase new components to better implement our MTSS system. Additional training is needed for some of these new components as we analyze data.

- Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Building Partnerships for Student Outcomes.

Our school will improve engagement by developing clearly outlined assignments and individual learning plans for underrepresented students. We will analyze data to determine areas where underrepresented students need additional supports to reach achievement goals.

Section 3: Seeking Input for Decision-Making

Based on the analysis of educational partner input and local data, identify the number which best indicates the LEA's current stage of implementation for each practice in this section using the following rating scale (lowest to highest):

- 1 – Exploration and Research
- 2 – Beginning Development
- 3 – Initial Implementation
- 4 – Full Implementation
- 5 – Full Implementation and Sustainability

Practices	Rating Scale Number
9. Rate the LEA's progress in building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.	3
10. Rate the LEA's progress in building the capacity of and supporting family members to effectively engage in advisory groups and decision-making.	3
11. Rate the LEA's progress in providing all families with opportunities to provide input on policies and programs, and implementing strategies to reach and seek input from any underrepresented	3

groups in the school community.	
12. Rate the LEA's progress in providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.	4

Seeking Input for Decision-Making Dashboard Narrative Boxes (Limited to 3,000 characters)

1. Based on the analysis of educational partner input and local data, briefly describe the LEA's current strengths and progress in Seeking Input for Decision-Making.

Although we have developed routines and opportunities for staff and families to engage in decision making, numbers of participants are low. We struggle to have multiple parents on our School Site Council. This year is a WASC self study, and engaging stakeholders is a high priority. We will offer meetings at multiple times with both in-person and virtual options. Information sent out will be family friendly. Meetings will be kept to shorter times with clear goals and targets. Input from staff was crucial and very strong. Input from students was stronger and more representative. Input from parents continued to be low, but was still useful in decision making.

2. Based on the analysis of educational partner input and local data, briefly describe the LEA's focus area(s) for improvement in Seeking Input for Decision-Making.

We will offer multiple ways for educational partners to contribute to decision making including via email, phone conversations, and in person.

3. Based on the analysis of educational partner input and local data, briefly describe how the LEA will improve engagement of underrepresented families identified during the self-reflection process in relation to Seeking Input for Decision-Making.

To improve the engagement of underrepresented families, we plan to develop small group and individual meeting times to plan for individual student needs for our ELs and Homeless/Foster Youth. We will also be conducting surveys for our EL parents and parents of Students with Disabilities to seek input about our curriculum and programs.

School Climate (LCFF Priority 6)

LEAs will provide a narrative summary of the local administration and analysis of a local climate survey that captures a valid measure of student perceptions of school safety and connectedness in at least one grade within the grade span (e.g., K–5, 6–8, 9–12) in a text box provided in the California School Dashboard (response limited to 3,000 characters). LEAs will have an opportunity to include differences among student groups, and for surveys that provide an overall score, such as the California Healthy Kids Survey, report the overall score for all students and student groups. This summary may also include an analysis of a subset of specific items on a local survey and additional data collection tools that are particularly relevant to school conditions and climate.

1. **DATA:** Reflect on the key learnings from the survey results and share what the LEA learned.
2. **MEANING:** What do the disaggregated results (*if applicable*) of the survey and other data collection methods reveal about schools in the LEA, such as areas of strength or growth, challenges, and barriers?
3. **USE:** What revisions, decisions, or actions has, or will, the LEA implement in response to the results for continuous improvement purposes? Why? If you have already implemented actions, did you see the results you were seeking?

JCS-Pine Valley administered a Partnerships in Education and Resilience (PEAR) survey to collect our HSA data. It was offered to students in grades 4-12. 53 students completed the survey, which was 45% of students in grades 4-12. We did have some families opt out of the survey, but we hope to have a higher participation rate next year by encouraging parents and educating them on the survey's intent. We were not able to offer the survey twice this year as hoped due to the delay in state testing.

Based on the responses students fell into three categories:

- Tier 1 General Proactive Prevention (schoolwide support): 13.2%
- Tier 2 Targeted Proactive Prevention (targeted school wide support in areas of need): 43.3%
- Tier 3 Targeted Intervention (small group or individual): 43.3%

Our Tier 1 group went from 26% to 13%. This was a general feeling from staff before the survey was administered. Our school staff was very intent on Tier 2 Proactive Prevention from the first day of school. Support was offered individually, in small groups, and school wide.

The top 5 overall strengths for our students remained the same being empathy, relationship with peers, emotional control, action orientation and school bonding. The top 5 overall areas of need for our students were academic motivation, perseverance, optimism, assertiveness and trust. School bonding rose to the top.

JCS-PV will continue to provide SEL exercises using Sanford Harmony and our school counselor group sessions to see continuous improvement in our school climate. We have seen improvement in student empathy and bonding. Individual teachers will use PEAR data to drive SEL support decisions. We will administer the survey twice next year to see growth in SEL resiliency.

Access to a Broad Course of Study (LCFF Priority 7)

LEAs provide a narrative summary of the extent to which all students have access to and are enrolled in a broad course of study by addressing, at a minimum, the following four prompts:

1. Briefly identify the locally selected measures or tools that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study, based on grade spans, unduplicated student groups, and individuals with exceptional needs served. (response limited to 1,500 characters)
2. Using the locally selected measures or tools, summarize the extent to which all students have access to, and are enrolled in, a broad course of study. The summary should identify any differences across school sites and student groups in access to, and enrollment in, a broad course of study, and may describe progress over time in the extent to which all students have access to, and are enrolled in, a broad course of study. (response limited to 1,500 characters)
3. Given the results of the tool or locally selected measures, identify the barriers preventing the LEA from providing access to a broad course of study for all students. (response limited to 1,500 characters)
4. In response to the results of the tool or locally selected measures, what revisions, decisions, or new actions will the LEA implement, or has the LEA implemented, to ensure access to a broad course of study for all students? (response limited to 1,500 characters)

All students have access to the same curriculum and supports provided by JCS-Pine Valley. Graduation data, Master Agreements, and transcripts listing classes of all students are reviewed each semester to make sure students are enrolled in a broad range of studies and individualized needs are being met. Students with IEPs and English learners have access to the same curriculum and courses as other students with supports as needed for success. The addition of dual enrollment classes with Grossmont Community College this year has benefited all academy seniors and some home study students grades 9-12. The absence or career technical choice is a barrier for some students to access a broader range of study. We were able to add an Aero Science class with career exploration in the drone industry. Isolation and lack of reliable internet is also a barrier to overcome. Chromebooks have been provided to all students. Hot spots have been provided where they prove helpful. A wider range of a-g offerings and CTE pathways are being explored.

Coordination of Services for Expelled Students – COE Only (LCFF Priority 9)

Assess the degree of implementation of the progress in coordinating instruction for expelled students in your county.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Coordinating Instruction	1	2	3	4	5
1. Assessing status of triennial plan for providing educational services to all expelled students in the county, including:	[No response required]	[No response required]	[No response required]	[No response required]	[No response required]
a. Review of required outcome data.	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]
b. Identifying existing educational alternatives for expelled pupils, gaps in educational services to expelled pupils, and strategies for filling those service gaps.	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]

Coordinating Instruction	1	2	3	4	5
c. Identifying alternative placements for pupils who are expelled and placed in district community day school programs, but who fail to meet the terms and conditions of their rehabilitation plan or who pose a danger to other district pupils.	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]
2. Coordinating on development and implementation of triennial plan with all LEAs within the county.	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]

Coordinating Instruction	1	2	3	4	5
<p>3. Establishing ongoing collaboration and policy development for transparent referral process for LEAs within the county to the county office of education or other program options, including dissemination to all LEAs within the county a menu of available continuum of services for expelled students.</p>	<p>[Enter 1, if applicable]</p>	<p>[Enter 2, if applicable]</p>	<p>[Enter 3, if applicable]</p>	<p>[Enter 4, if applicable]</p>	<p>[Enter 5, if applicable]</p>
<p>4. Developing memorandum of understanding regarding the coordination of partial credit policies between district of residence and county office of education.</p>	<p>[Enter 1, if applicable]</p>	<p>[Enter 2, if applicable]</p>	<p>[Enter 3, if applicable]</p>	<p>[Enter 4, if applicable]</p>	<p>[Enter 5, if applicable]</p>

Coordination of Services for Foster Youth – COE Only (LCFF Priority 10)

Assess the degree of implementation of coordinated service program components for foster youth in your county.

Rating Scale (lowest to highest): 1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation; 4 – Full Implementation; 5 – Full Implementation and Sustainability

Coordinating Services	1	2	3	4	5
1. Establishing ongoing collaboration and supporting policy development, including establishing formalized information sharing agreements with child welfare, probation, Local Education Agency (LEAs), the courts, and other organizations to support determining the proper educational placement of foster youth (e.g., school of origin versus current residence, comprehensive versus alternative school, and regular versus special education).	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]

Coordinating Services	1	2	3	4	5
<p>2. Building capacity with LEA, probation, child welfare, and other organizations for purposes of implementing school-based support infrastructure for foster youth intended to improve educational outcomes (e.g., provide regular professional development with the Foster Youth Liaisons to facilitate adequate transportation services for foster youth).</p>	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]
<p>3. Providing information and assistance to LEAs regarding the educational needs of foster youth in order to improve educational outcomes.</p>	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]

Coordinating Services	1	2	3	4	5
4. Providing direct educational services for foster youth in LEA or county-operated programs provided the school district has certified that specified services cannot be provided or funded using other sources, including, but not limited to, Local Control Funding Formula, federal, state or local funding.	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]
5. Establishing ongoing collaboration and supporting development of policies and procedures that facilitate expeditious transfer of records, transcripts, and other relevant educational information.	[Enter 1, if applicable]	[Enter 2, if applicable]	[Enter 3, if applicable]	[Enter 4, if applicable]	[Enter 5, if applicable]

Coordinating Services	1	2	3	4	5
<p>6. Facilitating the coordination of post-secondary opportunities for youth by engaging with systems partners, including, but not limited to, child welfare transition planning and independent living services, community colleges or universities, career technical education, and workforce development providers.</p>	<p>[Enter 1, if applicable]</p>	<p>[Enter 2, if applicable]</p>	<p>[Enter 3, if applicable]</p>	<p>[Enter 4, if applicable]</p>	<p>[Enter 5, if applicable]</p>
<p>7. Developing strategies to prioritize the needs of foster youth in the community, using community-wide assessments that consider age group, geographical area, and identification of highest needs students based on academic needs and placement type.</p>	<p>[Enter 1, if applicable]</p>	<p>[Enter 2, if applicable]</p>	<p>[Enter 3, if applicable]</p>	<p>[Enter 4, if applicable]</p>	<p>[Enter 5, if applicable]</p>

Coordinating Services	1	2	3	4	5
<p>8. Engaging in the process of reviewing plan deliverables and of collecting and analyzing LEA and COE level outcome data for purposes of evaluating effectiveness of support services for foster youth and whether the investment in services contributes to improved educational outcomes for foster youth.</p>	<p>[Enter 1, if applicable]</p>	<p>[Enter 2, if applicable]</p>	<p>[Enter 3, if applicable]</p>	<p>[Enter 4, if applicable]</p>	<p>[Enter 5, if applicable]</p>
