2017-20 Plan Summary
The Story

Describe the students and community and how the LEA serves them.

Julian Charter School (JCS) is an independent study K-12 charter school sponsored by the Julian Union Elementary School District. JCS currently serves approximately 245 students from San Diego, Orange, and Riverside counties. Julian Union, a small district in San Diego County, founded JCS in November 1999 to meet the needs of students underserved by traditional systems and for families with a strong desire to home school. JCS grew to serve over 2500 students over the years with homestudy and hybrid independent study options. Due to a change in independent study law in 2018 JCS had to re-group and split into six different charter schools. Today Julian Charter serves home study students only, and many of its former students have become part of the JCS-Inc family, which includes five other schools in San Diego and Riverside counties under various authorizers. Julian Charter School now offers homestudy only. For the upcoming 2019-2020 school year we plan to make JCS a synchronous online school serving grades 6-12 only and will be calling the school JCS LIVE. The target enrollment will be 90 students for the first year.

The mission of JCS LIVE is to provide an alternative classroom setting tailored for students who desire a synchronous, online, personalized environment focused on Career and Technical

Education. We are dedicated to excellence and committed to nurturing passionate lifelong learners. Core values include:

- Creativity and Innovation: Envision and explore rich teaching and learning opportunities.
- Commitment: Educate students to their full potential and uphold the greater good of the school.
- Choice: Empower individual paths and goals through personalized learning.
- Excellence: Foster a climate of high expectations, quality, and accountability.
- Integrity and Compassion: Model honesty, dignity, fairness, and responsibility while demonstrating respect and understanding.

JCS LIVE teachers and staff are committed to helping every student achieve and succeed. Educators inspire and empower students to reach their goals. Students feel a sense of community and support even though they are working from home. Students interact with teachers and have opportunities to interact with peers as well. Our goal at JCS LIVE is to build skills and develop a love for learning and develop the foundation for life success. We utilize vetted and personalized curriculum designed to build skills and interest in all of our students. Students will receive kits each month filled with activities and individualized items to make learning fun.

The main JCS office is located at the Julian Union district's middle school campus. In addition to housing the main office staff, the building is a meeting location for special education services for students in Julian and the surrounding communities.
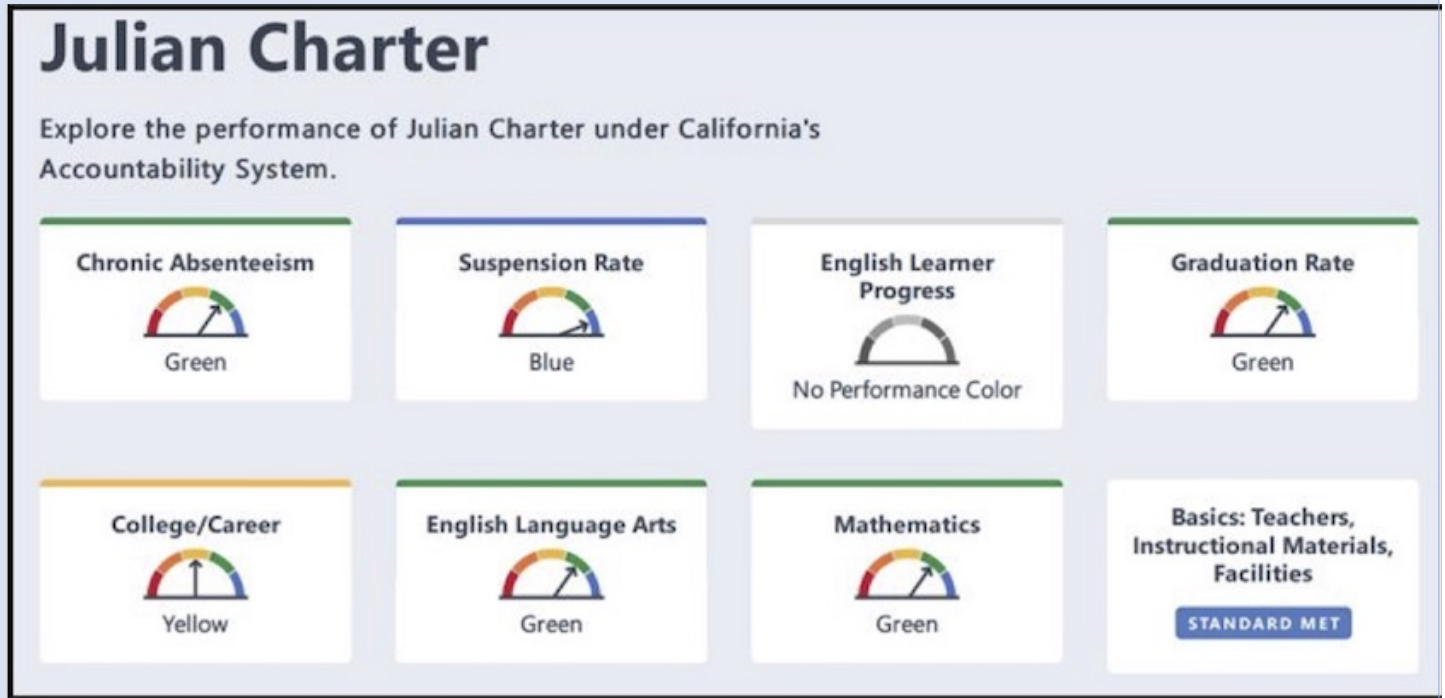

Our student population consists primarily of white students (69.4%) and hispanic students (20.8%). Our special education population is large in comparison to most districts (17.6%). This is a huge increase over previous years, which were more in line with traditional districts. The significant increase is due to the split into six schools, at which point Julian Charter School needed to support all of the 12th grade students until our other JCS families could receive WASC accreditation.

Due to the nature of independent study, our English language learner population is extremely small (only 1.6%), since for at least a portion of the week the parent is the teacher for the student. Our socioeconomically disadvantaged population is 28.6%, and our homeless and foster youth make up 1.2% of the population. While we don't have a migrant population in the traditional sense, we do have a somewhat transient population: Some families decide that home study is not the right "fit" for them, while others move back and forth between different charter schools looking for different resources and schedules.

Of the current state indicators on California's LCFF Dashboard, JCS is in good standing overall for student performance in ELA and Math. Our math performance indicator increased due to an 8.5 point growth over the past year. Our students with disabilities and Hispanic students performed low in Math in 2017-2018. Our students with disabilities and English Learners performed low in ELA in 2017-2018. Our graduation rate is considered low at about 84%, although we increased that rate by 2.2% in 2017-2018. This low rate is in part due to the number of students who come to us that have not been successful in other, more traditional settings and are graduating in more than 4 years. Although our number of English Learners has historically been small, over 38% of our English Learners from 2017-2018 achieved "Well Developed" on the new ELPAC assessment and 31% achieved "Moderately Developed."

Students come to JCS for various reasons: some are looking for an option other than their local school because they aren't happy with what their local school has to offer while others prefer the traditional home study model with the flexibility and choice in curriculum and daily schedule. Because JCS covers such a large geographical area, our student demographics and needs vary

somewhat depending on the region. As a school we look at data by county and grade level (K-8 and 9-12) and as a whole to identify our students' needs. While JCS strives to support all learners in meeting their potential, we are very aware of our struggling and at-risk learners and their diverse needs and are constantly striving to provide additional supports.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Based on the input we received from our stakeholders and our previous years' LCAPs we believe the emphasis should be on student growth and outcomes. Our focus will be:

1) academic achievement for all students, with particular emphasis on low performing students
2) preparing lifelong learners who are ready to enter the world of work or college through internships and concentrated career and technical education paths in their field of interest
Goal 3: Pupil engagement: empowering students to be active participants in their education by building a supportive learning culture that is safe, nurturing, and curriculum-rich.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Math and college/career readiness are the two areas we've identified as being of greatest need. Our math coach has been with us for three years and has continued to be a great resource for both teachers and parents. In addition to the standards-based common assessments which have been

created an implemented, our math coach has created a website with a wealth of resources for homestudy parents. We've continued to use ST Math, and our math coach is tracking their growth in math achievement to see if this is a resource we'll expand. During the 2018-19 school year 9th graders were asked to participate in CTE courses through Odysseyware, an online curriculum provider. Students began their studies with introductory courses in their chosen pathway. We've increased the number of 8th grade students taking PSAT and, using those scores, have begun to help them create a College Board account which links to a personalized learning path for math on Khan Academy.

Our high school counselor organized two college tours for high school students and two college tours for our middle schools students in 18-19. We continue to explore a Dual Enrollment community college program with. We've also begun to put together a career technical education (CTE) program using an online program. Students participated this past year in the beginning courses and we plan to expand upon that in 2019-20.
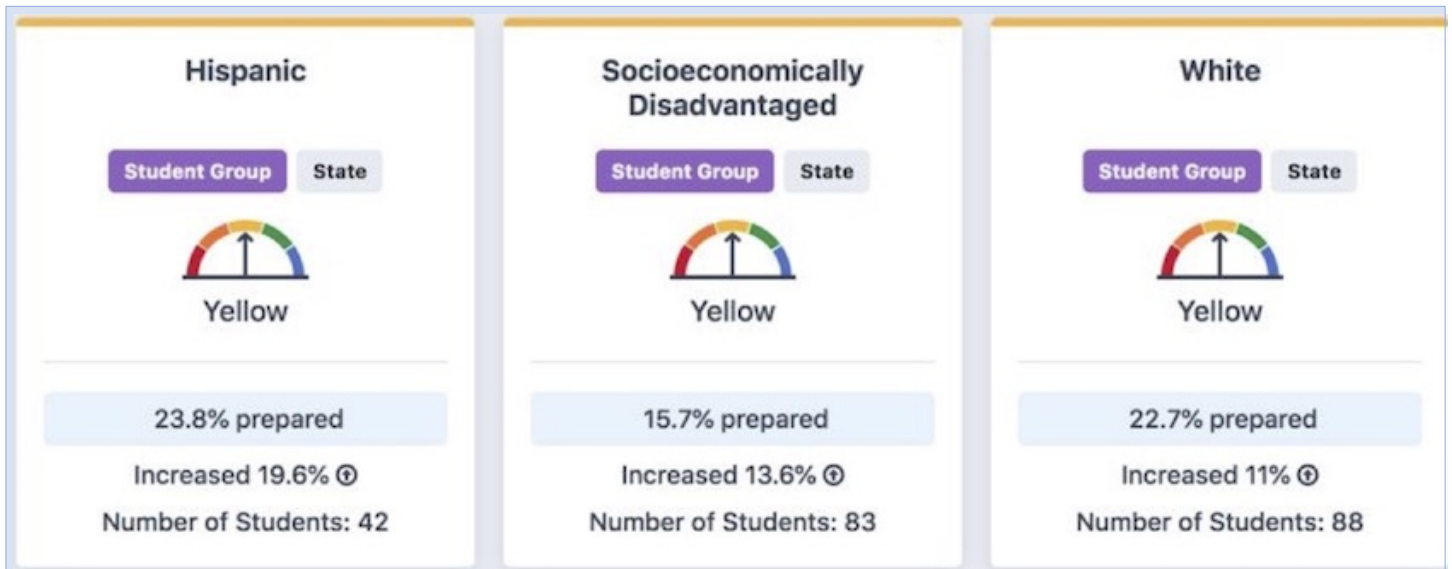

Although our English learner population is low we invested in purchasing an ELD curriculum aligned with the new ELD standards for Designated ELD. The curriculum combines online work with supplemental book materials to allow students to work at home while being monitored by staff. We hope that this additional support will encourage students to remain with us longer and improve their English language proficiency.

During the 2018-19 school year 9th graders were asked to participate in CTE courses through Odysseyware, an online curriculum provider. Students began their studies with introductory courses in their chosen pathway.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Our graduation rate is considered low, with our overall graduation rate at 83.6%. However, our adjusted 9-12 dropout rate on DataQuest is 1.4%. For 2019-20 we'll be looking at our cohort data, as the new calculations have been established, to better understand our cohort population. Career and College Readiness will be the main focus of JCS LIVE, with an emphasis on Career and Technical Education.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the "all student" performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Our English Learners and our Students with Disabilities performed two performance levels lower than our "all student" group in ELA for 2017-18. We will be implementing our new curriculum for Designated ELD to support our English learners including weekly groups for practicing the speaking standards. EL students who aren't making progress will be pulled in to our MTSS model for Tier 1 or Tier 2 intervention. We'll continue to look at the supports in place for our Students with Disabilities along with the benchmark assessments and curriculum in place.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

N/A Julian Charter has not been identified for CSI.

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

N/A

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Metric/Indicator

1: CAASPP assessment results will increase for All Students by 5 points on the distance from level 3 (DF3) LCFF indicator for both ELA and Math.

2: CAASPP assessment results will increase for English Learners (EL) by 7 points, Low Income (LI) students and Students with Disabilities (SwD) by 5 points on the distance from level 3 (DF3) LCFF indicator for both ELA and Math.

3. ELA CAASPP assessment results will increase for all students identified as needing Tier 1 and Tier 2 interventions by 5 points on the distance from level 3 (DF3) LCFF indicator.

4: The number of English Learners who make progress towards English Proficiency on the LCFF indicator will increase by 5%.

5: 50% of students being served in Tier 1 and Tier 2 will successfully meet benchmark goals.

6. 50% of students in each grade 3-8 will master Common Core math standards addressed on aligned benchmark assessments.

7. 100% of all credentialed teachers in all programs and grade levels will obtain a CLAD certificate by July 2020.

8. All teachers will participate in professional development become familiar with the ELD standards and their alignment with CCSS to implement both integrated and designated ELD instruction for equitable EL access to the CCSS.

9. Increased parental involvement in student learning.

10. Increase use of CCSS aligned math curriculum for all students.

1. CAASPP scores for All Students: ELA increased by 7.5 points, Math increased by 8.5 points.

2. CAASPP scores for ELA: EL students maintained (-2 points), LI increased by 8.5 points, SwD declined by 5 points. CAASPP scores for Math: EL students increased by 13.4 points, LI increased by 3.5 points, SwD maintained (-1.2 points).

3. No data available to measure this.

4. Well Developed: 38.1% of ELs
Moderately Developed: 33.3%

5. All students in Tier 1 made significant progress on their benchmark assessments. No students in Tier 2.

6. More than 50% of students in grades 3-4 and 6-7 demonstrated mastery on CC benchmark assessments. % ranged from 67-100%. Grades 5 and 8 were at 40%.

7. Approximately 2 teachers do not have CLAD.

8. All teachers had basic training related to ELPAC and its scoring rubric, how it relates to the ELD standards and how both should be connected to CCSS to implement integrated instruction.

9. Data not available.

10. 100% of students at JCS are using CCSS aligned math curriculum.

18-19
1. On the DF3 LCFF indicator for 2017-18: All Students will be at least 15.6 points above level 3 for ELA and no more than 17 points below level 3 for Math.

2. On the DF3 LCFF indicator for 2017-18: LI - no more than 5.7 points below level 3 for ELA and no more than 41.4 points below level 3 for Math. SwD - no more than 48.7 points below level 3 for ELA and no more than 89.4 points below level 3 for Math. EL - at least 3.9 points above level 3 for ELA and no more than 51.9 points below level 3 for Math.

3. On the DF3 LCFF indicator for 2017-18: Students in Tier 1 and Tier 2 will increas by 5 points above baseline on ELA on the DF3 LCFF indicator.

4. 75% of ELs will make progress towards English Proficiency on the LCFF indicator.

5. 50% of ALL students being served in Tier 1 and Tier 2 will successfully meet benchmark goals.

6. At least 50% of students in EACH grade 3-8 will master Common Core math standards addressed on aligned benchmark assessments.

7. 80% of currently credentialed teachers will have a CLAD certificate.

8. All teachers who currently have ELs will participate in professional development to implement both integrated and designated ELD instruction for equitable EL access to the CCSS.

9. Parent log-in metrics for Parent Portal, Canvas, Summit Learning and/or other learning platforms to increase by 10%

10. 100% of students will use CCSS-aligned math curriculum.

Expected	Actual
Baseline 1. 2015-16: Our All Students were 17.7 points above level 3 for ELA and 23.8 points below level 3 for Math on the DF3 LCFF indicator. 2. 2015-16: LI students were 3.7 points below for level 3 ELA and 47.5 points below level 3 for Math. 2015-16: SwD were 54.5 points below level 3 for ELA and 83.3 points below level 3 for Math on the DF3 LCFF indicator. 2016-17: English Learners - 9.9 points below level 3 for ELA and 56.9 below level 3 for Math on the DF3 LCFF indicator. 3. New metric - baseline to be established by collecting data on students who will continue Tier 1 and Tier 2 from 2017-18 into 2018-19 and their CAASPP assessment results from 2017-18. 4. 40% of English Learners maintained or improved their performance by one level on CELDT testing. 5. Approximately 60% of academy students met benchmark goals. Home study was more difficult to track because parents weren't willing to bring their children in for intervention. 6. On average, 55% of students in grades 3-8 mastered standards on the benchmark assessment by mid school year (2017-18). Grades 7 and 8 however were below the 50% mark. 7. Approximately 75% of credentialed teachers currently have a CLAD certificate. 8. Teachers who currently have EL students have access to and are familiar with the ELD standards and how they align with CCSS. 9. New metric - baseline to be established Fall 2018. 10. All students currently have access to CCSS aligned math curriculum, however our home study families aren't happy with the current selections.	

Actions / Services

Duplicate the Actions/Services from the prior year LCAP and complete a copy of the following table for each. Duplicate the table as needed.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
1. Provide funding for coursework/assessment of current teachers to obtain CLAD certificate. 2. Screen and require all new teacher candidates to hold a CLAD certificate before employment is offered. 3. Provide coordinator (.25 FTE) for EL to identify, track and coordinate related services such as: • Coordinate designated ELD instruction for all ELs daily online and supplement oral language component with weekly groups led by a CLAD-credentialed teacher. • Coordinate training for teachers with EL students • Provide focus groups for EL parent involvement and feedback 4. Purchase online ELD curriculum.	1. We have identified approximately 1 or 2 teachers who do not hold a CLAD certificate that will be returning next year. We'll identify a program in 2019-20 and they will begin their coursework in Fall 2020. 2. We will continue to screen and require all new teacher candidates to hold a CLAD certificate before employment is offered. 3. Our EL coordinator provided training in ELPAC scoring rubric, ELD standards and how both are aligned with CC ELA standards. Teachers were also trained on implementing strategies for integrated ELD instruction. Because the number of EL students is so small we do not need to create a focus group. 4. ELD curriculum for designated instruction was purchased and will be implemented in the fall. Action 2

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
1. Assess students to identify those in need of Tier 1 and Tier 2 intervention. • Purchase MAP or iReady to assess all students 2-11 semi-annually to. • Continue use of K Skills Assessment to assess K students • Provide substitutes for teachers to assess students in K-8 academies 2. Purchase EasyCBM as benchmark assessment for grade 6-8 students 3. Provide 3.0 FTE for Safety Net staff (3 Intervention Teachers and 1 Intervention Coach) to: • Implement Tier 1 and Tier 2 Intervention. • Assess students in using DIBELS (grades 3-5) and EasyCBM (grades 6-8) as benchmark assessment. 4. Provide ongoing professional development to Safety Net and SPED staff in Tier 2 and Tier 3 intervention curriculums.	1. This was done using MAP assessment for grades 2-11, and internally developed assessments for grades K-1. We will continue to assess students in this way for 2019-20. MAP was purchased and students in 3-11 were assessed twice during the year. We'll continue to assess and offer training for teachers on using the data. Students in Kindergarten were assessed using the Kindergarten Skills Assessment to monitor progress. We did not need to provide substitutes for teachers as there are no academy students. This will be removed for 2019-2020. 2. We elected not to purchase EasyCBM and will instead use MAP as a benchmark. 3. A Safety Net teacher is in place and implementing Tier 1 and 2 Intervention. She has been using DIBELS for benchmarking progress. We may be contracting with a Safety Net teacher from one of the other JCS family schools next year as our enrollment will be too low to keep a full time teacher. 4. Safety Net and SPED teachers attended MTSS training with all staff at SDCOE. All other training was done in house by school	Resource 0000 5000-5999: Services And Other Operating Expenditures $3495 Resource 0000 1000-1999: Certificated Personnel Salaries $46,000	Resource 0000 5000-5999: Services And Other Operating Expenditures $625 Resource 0000 1000-1999: Certificated Personnel Salaries $23,000

Action 3

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
1. Provide ongoing professional development for all teachers in Common Core Mathematics and ELA instruction.

2. Provide Math Coach (1.0 FTE) to:
- continue creation of curriculum and assessments
- train/support K-8 teachers and home study parents
- track/analyze data of common assessments implemented by teachers 3 x year

3. Ensure that all teachers complete years 1-2 of their Induction Program by funding the induction plan and providing continuous support through Reflective Coaches (.125 FTE per coach).

4. Continue ST Math Pilot. Monitor progress on CAASPP scores as an indicator of success. Provide Chromebooks as needed to students.

5. Provide EUs for home study and INSITE for access to tutoring in ELA and Math. | 1. All teachers participated in at least one of the following conferences or workshops:
- Standards and Beyond, a workshop focused on math standards for grades K-8 (January 2019)
- MTSS Charter Mini-Conference for grades K-12 (January 2019)

2. The Math coach is in place will continue to create curriculum, train/support teachers and track/analyze data from common assessments.

3.There are no teachers at JCS in the induction program currently, but we will continue as needed.

4. Progress: Students in K-5 continue to show growth in their math CAASPP scores and JCS Live plans to continue to use ST Math.

5. EUs were provided for homestudy and we'll continue to do so going forward for homestudy.

6. We'll continue to replenish Common Core Math materials, | Resource 0000 5800: Professional/Consulting Services And Operating Expenditures $38,000

Resource 0000 1000-1999: Certificated Personnel Salaries $29,000

Resource 0000 4000-4999: Books And Supplies $3000 |

| 6. Replenish Common Core Math materials, including new selections, to ensure all students are using CCSS-aligned math curriculum.

7. Provide parent training on the Parent Portal, Canvas, and Summit Learning platforms each semester to increase parent access to resources, assignments, and scores to support student learning at home. | including new selections, to ensure all students are using CCSS-aligned math curriculum.

Progress: This will continue.

7. JCS Live does not use Summit. Homestudy parents have access to the help ticket feature in our portal for Canvas and other tech-related issues. We'll continue this action to provide training and will additionally provide support to parents for ParentSquare. |

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

With the split of JCS into six small schools Julian Charter has undergone an enormous change, but we believe we've done a good job of implementing the actions/services overall. While we didn't implement the ELD curriculum we purchased, it's given us time to determine how best to use it to serve students at home and how to promote parent implementation.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Our indicators on the LCFF Dashboard show that we're making steady progress overall. We need to continue to find ways to help our students with disabilities make progress, and we need to look more closely at our low income student data to see where they may need additional support. College and career readiness is still our biggest area of need.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Due to a significantly smaller budget as a small school we were not able to hire or retain all the personnel we had planned for. We did have more students use EUs for tutoring than anticipated.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

In general we'll be continuing our goals with similar actions and services. However, since Julian Charter will be moving to an all-online format with an emphasis on at-risk and low-achieving students we'll be focusing a lot on best practices for serving these students.

Provide 2 high school counselors (2.0 FTE) to create curriculum and assessments, offer high school guidance, and coordinate other supports and services for college/career readiness to include:

- Providing the College Readiness class at one academy and researching a comparable online course to expand the availability
- Identifying possible Dual Enrollment options
- Organizing school-sponsored tours with transportation to local colleges and college fairs
- Creating a college & career webpage on the JCS site
- Training/assisting teachers to support 8th and 9th grade students in creating a College Board account linked to Khan Academy account with a personalized SAT prep plan
- Identifying CTE pathways and available courses/curriculum

Fund services to support college/career readiness in grades 8 and higher:

- Materials for Dual Enrollment courses

1. Due to budget cuts related to the creation of new schools and the decrease in enrollment for 18-19 we were only able to keep one shared high school counselor. The College Readiness class was started but had to be stopped with the budget cuts. We'll purchasing an online program for this next year. Identifying possible Dual Enrollment options: This will continue locally and within the JCS-Inc family. One school tour and one college fair event were organized for homestudy families. We will continue for the 2019-2020 school year. The college & career webpage on the JCS site was completed and is live. Training/assisting teachers to support 8th and 9th grade students in creating a College Board account linked to Khan Academy account with a personalized SAT prep plan was completed and will continue.Identifying CTE pathways and available courses/curriculum: This was done; students used Odysseyware. We're continuing to look at different CTE choices but will focus on dual enrollment.

2. Materials for Dual Enrollment courses and materials/online subscriptions for a-g: This is still in progress as we assess the best option for our students. Materials/online subscriptions for a-g. CTE curriculum:
This is still in progress as we assess the best option for our students. An online curriculum is

available, but this needs further exploration and implementation. Our school counselor has continued membership in NACAC and WACAC and attended the NACAC National Conference for academic counselors. Participation in PSAT for all 8th graders along with any 9th grader who didn't take it in 8th grade was completed and will continue. JCS Live will continue to explore pathways online rather than hiring staff.

Provide Educational Units (EUs) in home study for students to take classes and/or purchase curriculum/materials related to their master agreement, assignment and work records and Personalized Learning Plan.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Due to the loss of one counselor as a result of a limited budget, we struggled to focus on dual enrollment and CTE.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

We've done a good job of getting our 8th graders to participate in PSAT and set up College Board accounts. We'll continue to work on dual enrollment and CTE options for our students, focusing more locally now that we've separated from the larger JCS. We have many families who use their EUs but we need to establish personalized learning plans to ensure they're connected to EUs that will establish a college/career path or interest.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Budget cuts resulted in losing a counselor.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

With the creation of JCS Live we'll be looking at dual enrollment, CTE pathways and internships.

Health, Wellness & Safety

State and/or Local Priorities addressed by this goal:

State Priorities: Priority 1: Basic (Conditions of Learning)
Priority 2: State Standards (Conditions of Learning)
Priority 3: Parental Involvement (Engagement)
Priority 4: Pupil Achievement (Pupil Outcomes)
Priority 5: Pupil Engagement (Engagement)
Priority 6: School Climate (Engagement)
Priority 7: Course Access (Conditions of Learning)
Priority 8: Other Pupil Outcomes (Pupil Outcomes)
Local Priorities:

Annual Measurable Outcomes

Expected	Actual
Metric/Indicator 1. All facilities will receive a "Good" or better on the Annual Facilities Inspection using the FIT tool. 2. At least 30% of families will complete the annual parent/family surveys and of those who complete the survey 80% will report that they have used at least one of the school platforms to access information on student well-being. 3. Maintain ADA >95%: for all students, numerically significant subgroups and unduplicated students. 4. Maintain High School Dropout Rate <10% for all students, numerically significant subgroups and unduplicated students. 5. High school graduation rate will increase by 3% for all students, numerically significant subgroups and unduplicated students for continuously enrolled students (4-year cohort). 6. On a School Connectedness/Safety survey at least 80% of students, teachers and parents report positive sense of safety and school connectedness. 7. All students will have access to physical fitness courses aligned to CCSS. 8. Maintain suspension rates <3% for all students, numerically significant subgroups and unduplicated students. 9. Increase the number of 6-12 students who participate on an intramural sports team by 10%. 10. Percent of students in the Healthy Fitness Zone (HFZ) for 5/6 standards or greater on PFT will increase by 3% each for grades 5, 7 and 9. 11. 30% of students identified as at risk through MTSS will make progress using benchmark data points. **18-19**	1. Our annual inspection with the FIT tool rates our facilities as "Good." 2. 20 parents responded to our LCAP survey, which is 8% of the parents of our 245 students. However, since many of our students have siblings enrolled, we would estimate the response as higher (approximately 15%). We did not survey parents to determine if they've accessed our information on student-well being. 3. We have maintained ADA >95% for all students. 4. Dropout rate for 2016-17 was 1.4% 5. Graduation rate for 2017-18 83.6%, an increase of 2.3%. 6. This year we surveyed only students in grades 5 and 7 and 9. Of those who responded to the survey over 85% reported feeling safe and connected to their peers and teachers. 7. Julian Charter does not have a specific curriculum at this time but will be purchasing a high school curriculum for next year. 8. Our suspension rate is less than 1% for 2018-19. 9. 2019-20 will be a baseline year for JCS. We host several teams throughout the JCS family with 99 participants in 2018-19. 10. The % of 5th graders in HFZ increased in 4/6 standards, % of 7th graders in HFZ increased in 2/6 standards and % of 9th graders increased in 2/6 standards. 11. We have not determined an MTSS process yet for identifying students who are at risk.

Expected	Actual
Baseline 1. All facilities are in good condition using locally-created measures. We will implement the FIT tool for 2018-19 for standardization. 2. Approximately 25% of families complete the annual surveys. 3. ADA is greater than 95% for 2016-17 and 2017-18. 4. Dropout rate for grades 9-12 for 2016-17 was 1.4%. African American dropout rate was 6.2% 5. Baseline to be established in 2018-19 with new 4-year cohort calculations. In 2016-17 there were 146 graduates, an increase of 9.7% over 2015-16. 6. On the School Connectedness/Safety survey for 2016-17 75% of students, reported a positive sense of safety and school connectedness. 7. Approximately 5% of students are currently enrolled in a physical fitness course designed by our school. The remaining 95% participate in fitness activities and sports that address CCSS physical fitness standards. 8. The overall suspension rate for 2016-17 was 0.4%. The rate was highest for African American students at 2.8%. 9. In 2017-18 _____ students participated in intramural sports, a decrease of 10. In 2016-17 the percent of students in the HFZ on 5/6 standards or higher: 5th grade: 50% 7th grade: 50.8% 9th grade: 42.4% 11. Baseline to be established in 2018-19 with the creation of our MTSS model.

Action 1

Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures
Provide ongoing social-emotional learning for K-12 students and training to staff on recognition, prevention and intervention in bullying, sexual harassment, and suicide ideation. Ensure all facilities are safe and conducive to the learning needs of all students. Provide Health and Wellness Coordinator (.5 FTE) to: • Write a scope and sequence for Physical Education courses in grade level bands K-2, 3-5, 6-8, and 9-12. • Track and encourage greater participation in Intramural sports. • Provide resources to parents via bi-monthly newsletter on topics such as health, fitness, wellness, reducing stress/anxiety in children.	1. This was not completed, and will be continued. 2. Our facilities are rated "Good" on the FIT tool. JCS Live will only have facilities for special education services. For next year we'll focus on emergency training to ensure our staff are prepared for emergency situations. 3. Health & Wellness Coordinator was in place this year, and we will continue to have him with us next year. The scope and sequence for the courses were written and will be implemented in 2019-20 and we'll be purchasing a high school health textbook. Many of the academies in the JCS family had intramural programs that any homestudy student can be a part of. The Health & Wellness Coordinator also pursued Hands On Only CPR training to meet new high school graduation requirements. Resources to parents via bi-monthly newsletter was not accomplished and will continue in the 2019-2020 school year. Planned Actions/Services	Actual Actions/Services	Budgeted Expenditures	Estimated Actual Expenditures

Provide school counselor (what FTE?) to provide consultation to staff and counseling/mental health support to all students with an emphasis on 6-12. Provide Foster/Homeless Youth Liaison who will: • Provide resources/training materials to all staff in the Knowledge Base to enable staff to better understand and support students dealing with trauma. • Create and maintain in the Knowledge Base an ongoing list of community resources for parents/guardians with an emphasis on Foster/Homeless Youth, Low Income and At Risk students. Create a Multi-Tiered System of Support (MTSS) to identify and track LI, FHY, SwD and other at risk students to ensure access to available academic and socio-emotional supports, as needed, including: • Tutoring & academic enrichment programs • Academic Counseling • Positive Behavior Interventions and Supports • Mental Health Services • Sports and other extracurricular activities	1. The school psychologist has served this need this year. We will research the viability of hiring a school counselor next year. 2. Progress: Training was completed on Trauma Informed Practices in the fall and the related resources are available to staff in the Knowledge Base. The F/HY Liaison will partner with SDCOE to continue to add resources for families and staff. 3. Continue - All staff received training in MTSS at our first forum and at SDCOE. We need to continue to work towards building our program.	Resource 0000 1000-1999: Certificated Personnel Salaries $12,000	Resource 0000 1000-1999: Certificated Personnel Salaries $5126.94

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

We've worked really hard in the area of social/emotional growth for all students with training for staff, parents and students alike. We need to continue to put more focus on fitness and health and to put our vision for MTSS into practice.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Students overwhelmingly report feeling safe at school and feeling connected to everyone at school. We'll need to establish baseline data for our school for PFT to be able to measure growth. We need to communicate better with stakeholders about their responsibilities in relation to our LCAP goals.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

N/A

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We will continue the goal with little change as we still feel this goal needs to be worked on. Our facilities are in good repair so we plan to focus more on training staff and students for emergency situations.

Stakeholder Engagement

LCAP Year: **2019-20**

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

Our school website and parent portal hold all of our major plans, including LCAP and the LCAP summary. Both parents and staff can access the LCAP via the parent portal. Parents are provided a link in the LCAP summary to submit feedback and comments about our school.

Staff complete a survey for either the home study program or academy program annually in February (for fall semester) and June (for spring semester).

A School Site Council was established and held three meetings as an open forum for parents, staff and students to share their concerns and review progress of budget and major plans of the school (Safety Plan, LCAP, Strategic Plan, WASC)

An LCAP survey was created and sent out to all parents to complete in March and again in April.

A health/safety survey was sent out to all students to complete at home with parents.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

We didn't receive any feedback on our LCAP via our website or parent portal, but we'll continue to keep the documents available to stakeholders there as alternate means for gathering feedback.

School Site Council meetings, parent/student surveys and parent informational meetings when changes are considered have been an ongoing process for our school to gather stakeholder input. These continue to be essential to our decision making as a school.

The feedback from the health/safety survey helped us get a sense of how safe and connected students and parents feel to staff at school, which guided some of our actions/services in goal 3 for 2019-20.

We had 19 parents respond to our LCAP survey for the 2018-19 school year. Parents expressed the importance of choice in curriculum and access to a variety of courses which would be in line with students' areas of interest. This is in line with our identified need for growing lifelong learners.

Ensure that all teachers complete years 1-2 of their Induction Program by funding the induction plan and providing continuous support through Reflective Coaches (.125 FTE per coach).	Provide school counselor (what FTE?) to provide consultation to staff and counseling/mental health support to all students with an emphasis on 6-12. Provide Foster/Homeless Youth Liaison who will: • Provide resources/training materials to all staff in the Knowledge Base to enable staff to better understand and support students dealing with trauma. • Create and maintain in the Knowledge Base an ongoing list of community resources for parents/guardians with an emphasis on Foster/Homeless Youth, Low Income and At Risk students. Create a Multi-Tiered System of Support (MTSS) to identify and track LI, FHY, SwD and other at risk students to ensure access to available academic and socio-emotional supports, as needed, including: • Tutoring & academic enrichment programs • Academic Counseling • Positive Behavior Interventions and Supports • Mental Health Services • Sports and other extracurricular activities • Career pathways	1. Explore viable options for a school counselor to provide consultation to staff and counseling/mental health support to all students with an emphasis on 6-8. 2. Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: **2019-20**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
$25,537	6.12%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Our number of English Learner students and Foster/Homeless Youth are very small, however our teachers still aren't very clear on who they should contact when they have concerns about EL students and Foster/Homeless Youth. For 2019-20 we'll focus on:

1. Providing additional training to staff in relation to ELD standards/curriculum and how to implement it in conjunction with the CCSS for ELA.
2. Ensuring teachers understand the process to communicate concerns about EL and F/HY when they identify a need.

Actions/services which are principally directed to serve English Learners, low income students and foster/homeless youth:

Goal 1 (Academic Achievement):

1. Assist current teachers to obtain CLAD certificate who do not currently hold it.

2. Screen and require all new teacher candidates to hold a CLAD certificate before employment is offered.

3. Provide EL coordinator (.25 FTE) to identify, track and coordinate related services such as:

- Coordinate designated ELD instruction for all ELs daily online and supplement oral language component with weekly groups led by a CLAD-credentialed teacher.
- Coordinate training for teachers with EL students

4. Implement ELD curriculum

Goal 3 (Health, Wellness & Safety)

1. Explore options to provide consultation to staff and counseling/mental health support to all students.

2. Foster/Homeless Youth Liaison will:
- Identify and support F/HY and provide resources/training to staff as needed
- Create and maintain in the Knowledge Base an ongoing list of community resources for parents/guardians with an emphasis on Foster/Homeless Youth, LI and At Risk students.

3. Create a Multi-Tiered System of Support (MTSS) to identify and track FHY, SwD, LI and other at risk students to ensure access to available academic and socio-emotional supports as needed, including:
- Tutoring & academic enrichment programs
- Academic Counseling
- Positive Behavior Interventions and Supports
- Mental Health Services
- Sports and other extracurricular activities
- Career pathways

LCAP Year: **2018-19**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
$163,691.00	6.61%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Our low income and English learner populations have increased over time. Low income makes up 30% of our population. While English learners are only at 1%, this is a significant increase in the past few years. In 2018-19 we're continuing to improve our process of early intervention with an emphasis on unduplicated students. We're also improving our EL services by purchasing new EL curriculum and providing a structured designated ELD program. In 2018-19 we'll be looking more closely at the data for our low income students to see where there is overlap with other at risk groups and identify their needs.

Actions/services which are principally directed to serve English Learners, low income students and foster/homeless youth:

Goal 1 (Academic Achievement):

1. Provide funding for coursework/assessment of current teachers to obtain CLAD certificate.

2. Screen and require all new teacher candidates to hold a CLAD certificate before employment is offered.

3. Provide coordinator (.25 FTE) for EL to identify, track and coordinate related services such as:
   • Coordinate designated ELD instruction for all ELs daily online and supplement oral language component with weekly groups led by a CLAD-credentialed teacher.
   • Coordinate training for teachers with EL students
   • Provide focus groups for EL parent involvement and feedback

4.Purchase online ELD curriculum

Goal 3 (Health, Wellness & Safety)

1. Provide school counselor (what FTE?) to provide consultation to staff and counseling/mental health support to all students with an emphasis on 6-12.

2. Foster/Homeless Youth Liaison will:

- Provide resources/training materials to all staff in the Knowledge Base to enable staff to better understand and support students dealing with trauma
- Create and maintain in the Knowledge Base an ongoing list of community resources for parents/guardians with an emphasis on Foster/Homeless Youth, LI and At Risk students.

3. Create a Multi-Tiered System of Support (MTSS) to identify and track FHY, SwD, LI and other at risk students to ensure access to available academic and socio-emotional supports as needed, including:
- Tutoring & academic enrichment programs
- Academic Counseling
- Positive Behavior Interventions and Supports
- Mental Health Services
- Sports and other extracurricular activities
- Career pathways

LCAP Year: **2017-18**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
$1,132,830.00	6.22%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

Julian Charter School serves a very small number of students identified as low-income pupils, foster youth and English learners. These students are spread proportionally throughout all grades, K-12. The goals articulated and documented above will be carried out throughout our charter school programs; however targeted students will receive priority access to programs cited in the goals and action steps. While all programs are available to all students in our charter school data will be collected and analyzed to ensure targeted students are making progress as a result of the LCAP programs. The Charter is spending the LCAP allotment specifically on student improvement and well being with a focus on EL Students, foster/homeless youth, and low income students.

Actions/services which are principally directed to serve English Learners, low income students and foster/homeless youth:

Goal 1:
- Provide training and ongoing resources to all staff on the unique needs of English Learners.
- Improve systems for identifying and monitoring these English Learners, low income students and foster/homeless youth.
- Implement supplemental curriculum for all English Learners and research additional curriculum for Long Term English Learners.
- Provide focus groups for parents of English Learners, low income students and foster/homeless youth to gather feedback for LCAP and increase their involvement.
- Provide training and ongoing resources to all staff on Universal Design.

Goal 2:

- Pilot ST Math with our low income students in grades K-4 and provide Chromebooks as needed for use at home.

Goal 4:
- Provide training and ongoing resources to all staff on the unique needs of foster/homeless youth.
- Designate staff to ensure foster/homeless youth and low income students in particular have access to academic and socio-emotional supports.
- Create and maintain a list of community resources for parents that focus on English Learners, low income students and foster/homeless youth.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

For questions related to specific sections of the template, please see instructions below:

Instructions: Linked Table of Contents

For additional questions or technical assistance related to completion of the LCAP template, please contact the local county office of education, or the CDE's Local Agency Systems Support Office at: 916-319-0809 or by email at: lcff@cde.ca.gov.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under EC Section 52064.5.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified**: Identify the schools within the LEA that have been identified for CSI.

- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

> * For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

> For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

> Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the actual actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

> Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

> - Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
>
> - Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
>
> - Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
>
> - Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. EC identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. EC requires

charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, EC Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the "Goal #" box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. (Link to State Priorities)

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the LCAP Template Appendix, sections (a) through (d).

Planned Actions/Services

For each action/service, the LEA must complete either the section "For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement" or the section "For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement." The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The "Students to be Served" box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering "All", "Students with Disabilities", or "Specific Student Group(s)". If "Specific Student Group(s)" is entered, identify the specific student group(s) as appropriate.

Location(s)

> Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

>> **Charter schools** operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

> For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

> For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

>> • If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."

>> • If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".

>> • If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

>> **For charter schools and single-school school districts**, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

> Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the "Action #" box for ease of reference.

New/Modified/Unchanged:

- Enter "New Action" if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.

- Enter "Modified Action" if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.

- Enter "Unchanged Action" if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.

    o If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter "Unchanged Action" and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school's budget that is submitted to the school's authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the "Goals, Actions, and Services" section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by EC sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to California Code of Regulations, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.

- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.

- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

State Priorities

Priority 1: Basic Services addresses the degree to which:

A. Teachers in the LEA are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;

B. Pupils in the school district have sufficient access to the standards-aligned instructional materials; and

C. School facilities are maintained in good repair.

Priority 2: Implementation of State Standards addresses:

A. The implementation of state board adopted academic content and performance standards for all students, which are:

   a. English Language Arts – Common Core State Standards (CCSS) for English Language Arts
   b. Mathematics – CCSS for Mathematics
   c. English Language Development (ELD)
   d. Career Technical Education
   e. Health Education Content Standards
   f. History-Social Science
   g. Model School Library Standards
   h. Physical Education Model Content Standards
   i. Next Generation Science Standards
   j. Visual and Performing Arts
   k. World Language; and

B. How the programs and services will enable English learners to access the CCSS and the ELD standards for purposes of gaining academic content knowledge and English language proficiency.

Priority 3: Parental Involvement addresses:

A. The efforts the school district makes to seek parent input in making decisions for the school district and each individual school site;

B. How the school district will promote parental participation in programs for unduplicated pupils; and

C. How the school district will promote parental participation in programs for individuals with exceptional needs.

Priority 4: Pupil Achievement as measured by all of the following, as applicable:

A. Statewide assessments;

B. The Academic Performance Index;

C. The percentage of pupils who have successfully completed courses that satisfy University of California (UC) or California State University (CSU) entrance requirements, or programs of study that align with state board approved career technical educational standards and framework;

D. The percentage of English learner pupils who make progress toward English proficiency as measured by the California English Language Development Test (CELDT);

E. The English learner reclassification rate;

F. The percentage of pupils who have passed an advanced placement examination with a score of 3 or higher; and

G. The percentage of pupils who participate in, and demonstrate college preparedness pursuant to, the Early Assessment Program, or any subsequent assessment of college preparedness.

Priority 5: Pupil Engagement as measured by all of the following, as applicable:

A. School attendance rates;

B. Chronic absenteeism rates;

C. Middle school dropout rates;

D. High school dropout rates; and

E. High school graduation rates;

Priority 6: School Climate as measured by all of the following, as applicable:
  A. Pupil suspension rates;
  B. Pupil expulsion rates; and
  C. Other local measures, including surveys of pupils, parents, and teachers on the sense of safety and school connectedness.

Priority 7: Course Access addresses the extent to which pupils have access to and are enrolled in:
  A. S broad course of study including courses described under *EC* sections 51210 and 51220(a)-(i), as applicable;
  B. Programs and services developed and provided to unduplicated pupils; and
  C. Programs and services developed and provided to individuals with exceptional needs.

Priority 8: Pupil Outcomes addresses pupil outcomes, if available, for courses described under *EC* sections 51210 and 51220(a)-(i), as applicable.

Priority 9: Coordination of Instruction of Expelled Pupils (COE Only) addresses how the county superintendent of schools will coordinate instruction of expelled pupils.

Priority 10. Coordination of Services for Foster Youth (COE Only) addresses how the county superintendent of schools will coordinate services for foster children, including:
  A. Working with the county child welfare agency to minimize changes in school placement
  B. Providing education-related information to the county child welfare agency to assist in the delivery of services to foster children, including educational status and progress information that is required to be included in court reports;
  C. Responding to requests from the juvenile court for information and working with the juvenile court to ensure the delivery and coordination of necessary educational services; and
  D. Establishing a mechanism for the efficient expeditious transfer of health and education records and the health and education passport.

Local Priorities address:
  A. Local priority goals; and
  B. Methods for measuring progress toward local goals.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) "Chronic absenteeism rate" shall be calculated as follows:
   (1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:
   (A) enrolled less than 31 days
   (B) enrolled at least 31 days but did not attend at least one day
   (C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:
      (i) are enrolled in a Non-Public School
      (ii) receive instruction through a home or hospital instructional setting
      (iii) are attending a community college full-time.
   (2) The number of students who meet the enrollment requirements.
   (3) Divide (1) by (2).

(b) "High school dropout rate" shall be calculated as follows:
   (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
   (2) The total number of cohort members.
   (3) Divide (1) by (2).

(c) "High school graduation rate" shall be calculated as follows:
   (1) For a 4-Year Cohort Graduation Rate:
   (A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.
   (B) The total number of students in the cohort.
   (C) Divide (1) by (2).
   (2) For a Dashboard Alternative Schools Status (DASS) Graduation Rate:
   (A) The number of students who either graduated as grade 11 students or who earned any of the following:
      (i) a regular high school diploma
      (ii) a High School Equivalency Certificate
      (iii) an adult education diploma
      (iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.
   (B) The number of students in the DASS graduation cohort.
   (C) Divide (1) by (2).

(d) "Suspension rate" shall be calculated as follows:
   (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
   (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
   (3) Divide (1) by (2).

(e) "Expulsion rate" shall be calculated as follows:
   (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
   (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

NOTE: Authority cited: Sections 42238.07 and 52064, *Education Code*. Reference: Sections 2574, 2575, 42238.01, 42238.02, 42238.03, 42238.07, 47605, 47605.6, 47606.5, 48926, 52052, 52060, 52061, 52062, 52063, 52064, 52066, 52067, 52068, 52069, 52070, 52070.5, and 64001,; 20 U.S.C. Sections 6312 and 6314.

APPENDIX B: GUIDING QUESTIONS

Guiding Questions: Annual Review and Analysis

1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?

2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to EC Section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?

3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?

4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?

5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?

6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Guiding Questions: Stakeholder Engagement

1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in *EC* Section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?

2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?

3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?

4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?

5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to *EC* sections 52062, 52068, or 47606.5, as applicable, including engagement with representatives of parents and guardians of pupils identified in *EC* Section 42238.01?

6) What specific actions were taken to consult with pupils to meet the requirements 5 *CCR* Section 15495(a)?

7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Guiding Questions: Goals, Actions, and Services

1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning": Basic Services (Priority 1), the Implementation of State Standards (Priority 2), and Course Access (Priority 7)?

2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes": Pupil Achievement (Priority 4), Pupil Outcomes (Priority 8), Coordination of Instruction of Expelled Pupils (Priority 9 – COE Only), and Coordination of Services for Foster Youth (Priority 10 – COE Only)?

3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement": Parental Involvement (Priority 3), Pupil Engagement (Priority 5), and School Climate (Priority 6)?

4) What are the LEA's goal(s) to address any locally-identified priorities?

5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?

6) What are the unique goals for unduplicated pupils as defined in *EC* Section 42238.01 and groups as defined in *EC* Section 52052 that are different from the LEA's goals for all pupils?

7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?

8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?

9) What information was considered/reviewed for individual school sites?

10) What information was considered/reviewed for subgroups identified in *EC* Section 52052?

11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to *EC* Section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?

12) How do these actions/services link to identified goals and expected measurable outcomes?

13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?
